

UNLOCKING THE TRUTH

WHAT'S REALLY HAPPENING BEHIND THE DAVIS SCHOOL DISTRICT DOORS

MEASURE N WITH NO END

2024

Davis Voters Adopt Measure N
Continues Measure H

The Davis School District collects \$11.6 million annually in Davis parcel taxes - \$798 per parcel - to reduce class sizes and support educational programs and services. (increases yearly) *

* *“All revenue from this measure must be spent for the benefit of DAVIS STUDENTS ONLY.”*

SOURCE: Full ballot text of **Measure N** by Yolo County Counsel Phillip Pogledich

DILUTION:

“Measure N” Davis Parcel Tax: \$11,600,000 / year		
Students	Total	% of Total
Davis	6,700	83.75%
Out-of-Davis	1,300	16.25%
TOTAL	8,000	100%

the process of making something less concentrated, weaker, or less available by adding more of a base or by increasing the total amount of inputs to the original base.

Parcel taxes N and G together

were intended to decrease class sizes, enhance reading and math skills and upgrade the science curriculum. Recruiting out-of-Davis students requires hiring additional teachers, keeping unneeded school facilities open which reduces available resources to Davis students.

In order to keep two unneeded schools open,

the District has recruited out-of-Davis students including the use of radio ads on N.P.R. and KFBK.

Who benefits from keeping two unneeded schools open?

Davis Students?
Out-of-Davis Students?
Administrators??

More . . . Next Week . . .
